THANK YOU, ISABELLE!

Dear Members,

It is with great sadness that APER announces the departure of our colleague, Isabelle Palardy, who was "stolen" from us by the SAQ. Isabelle will step down on June 22.

On behalf of all the members and on my own behalf, I want to thank her and wish her the best of luck. Over the past 20 months and in the midst of a pandemic, we have been able to benefit from her intelligence, her ability to mobilize and above all her great empathy towards our members.

Personally, I am losing a teammate and an accomplice who understood the very essence of what APER is, an association that accompanies its members on a daily basis. She was very good at transposing this understanding into our new website. I have seen her defend you with all her might, with intelligence, humor and heart, both individually and collectively.

She masterfully led an entire team in order to be able to give you a training exclusively dedicated to managers of the health and services network and which will be released shortly on our WEB site.

On behalf of the members, local representatives, members of the Board of Directors and staff, I thank you Isabelle and I know that the SAQ will never be the same again!
