SALARY INCREASES WEBINARS - DATES TO RESERVE

Dear Members,

Following your repeated, but fully justified, requests to find out when employers will pay the new salaries as well as retroactivity and lump sums, we contacted our counterparts at the MSSS.

First of all, let's say that employers wait for authorization from the MSSS before proceeding. Here is what we were told:

Unless there really is a disaster (which is always possible, of course), the adjustments should be done somewhere in September. In any case, we are working in this direction. For the moment we are in validation with the payroll firms; once the technical issues have been addressed, institutions will have the information to proceed. It will be necessary to see at this time their capacity to carry out the necessary work, which may vary from one establishment to another.

WEBINARS TO COME THIS FALL: RESERVE THE DATES IN YOUR AGENDA REGISTRY FORMS WILL FOLLOW SOON.
