

## National Day of Truth and Reconciliation

# Our friends, you are important !

As part of this first *National Day of Truth and Reconciliation*, APER wishes to salute courage and offer its support to all members of indigenous communities.

May this day allow for deep reflections within our society so that it is more just, egalitarian and respectful of the heritage of the First Nations.

We are all heart with you.  
Let's build a better future together!

Team APER
