### SALARY INCREASES, RETRO AND LUMP SUMS

Dear Members,

Many of you have responded to our offer to check the sums you have recently received (lump sum, retroactivity and salary adjustment). We thank you for your confidence. However, considering the large number of requests, often complex and the holiday season which is fast approaching, we ask for your patience. We will provide you with the results of our analyzes individually as soon as possible, but this may take a few weeks.

We thank you for your collaboration and your patience.
