

**LUNCHTIME-TRAINING**  
**WHAT YOUR ESTATE SHOULD KNOW**  
**September 14, 2023**

Dear members,

As an active member of the health and services network, your children and your spouse are entitled to various measures in the event of your death. Unfortunately, we are able to see that many heirs do not benefit from all of these measures since they do not know that they exist.

You love your children and your spouse, take the time to attend this lunchtime training which will take place on September 29 at noon.

APER offers you a lunchtime training session to explain all of these measures to you, as well as to provide you with a document with all the information that the members of your estate will benefit from.

To register, please inform Nathalie at [association@aper.qc.ca](mailto:association@aper.qc.ca)
