

NEWSLETTER – YOUR HEALTH / PÔLE SANTÉ HEC
September 26, 2023

Dear members,

Last week, APER met Mr. Francis Maisonneuve, a doctoral student whose thesis subject is the state of health of our managers in the health and social services network.

We sent you the questionnaire last spring, so that you would be able to complete it. Unfortunately, there were not enough respondents to allow Mr. Maisonneuve to have reliable conclusive data in order to have a better picture of the situation.

APER also met the retired general, Mr. Roméo Dallaire, who confirmed to us that the middle managers of our network experienced a war against an invisible enemy, and the post-war impacts are present, in the same way as any other war.

It is therefore essential that you take the time to answer the questionnaire to help us help you. Mr. Maisonneuve and Mr. Chenevert from HEC Montréal are in close collaboration with Minister Dubé to improve the work climate and help you by giving you tools.

Here is the link for the questionnaire (It's also in English. Just push the link on the right):

Thank you for helping us help you!
