

## **NEWSLETTER – ANNOUNCEMENT OF A NEW SERVICE FOR YOU!!**

May 13th, 2024

Dear Members,

In an effort to always offer more to our members, we are pleased to announce today a new service in partnership with Ms. Vanessa Mireault. Indeed, we found that over the years, many managers were questioning their professional future or wanted help preparing for interviews for a promotion.

It is for this reason that we are announcing a new service through a partnership with Ms. Vanessa Mireault, a guidance counsellor offering bilingual services. Thanks to this partnership, APER members will benefit from a preferential rate of \$110/hour taxes included, which is a 10% discount on the regular rate. We would like to take this opportunity to remind you that you can claim these sessions from your group insurance companies.

Here is a brief presentation of Vanessa:

Vanessa is a qualified career counselor and a member of the Ordre des conseillers et conseillères d'orientation du Québec. With over 15 years of experience in supportive counseling, she specializes in assisting individuals facing professional challenges, as well as those with diagnosed or undiagnosed mental health issues.

In private practice since 2020, Vanessa applies the skills developed through a comprehensive educational journey, including a bachelor's degree in psychology, a major in career development, and a master's degree in career counseling. Her expertise also encompasses vocational rehabilitation, an area in which she has excelled for the past four years.

She offers a range of services including career counseling, work adaptation or rehabilitation, job search assistance, and retirement planning. Vanessa tailors her methods to the specific needs of her clients, incorporating carefully selected psychometric tools to enrich their professional paths.

Passionate about the positive impact she can have on her clients' lives, Vanessa is dedicated to helping them overcome their challenges and achieve their professional goals.
