

NEWSLETTER- FOLLOW-UP ON YESTERDAY MEETING WITH SANTÉ QUÉBEC AND THE SCT

January 17th, 2025

Dear members,

Yesterday, we had our first meeting with our counterparts at Santé Québec, the SCT and the CPNSSS, and this meeting came to nothing! The meeting was scheduled to last 3 hours and, after 1 hour of meeting, our counterparts ended the meeting before we even addressed any issues. The APER has said loud and clear that we do not want to fall into meetingitis because the stakes were too high, but we have the impression that our counterparts have a hidden agenda and that they are simply trying to do something occupational until the next budget, which will be April 1st, 2025. To be continued...

Know that we will fight for you!
